Rudrapur, Uttarakhand, India suraj66171@gmail.com 6397311705 <https://www.linkedin.com/in/suraj-phulara-b63b23193/> <https://surajphulara.netlify.app>

EDUCATION

B.Tech (Computer Science Engineering)

Birla Institute of Applied Sciences • Bhimtal • 2023 • 72%

12th

Minor in Computer Science • Jaycees Public school • Rudrapur • 2019 • 76%

10th

Jaycees Public School • Rudrapur • 2017 • 10 CGPA

SKILLS

Programming : C, C++, Javascript, Competitive Coding

UI UX Design : User Research, WireFraming, Prototyping, Mockups, User-Centered Design, Visual Design, Interaction Design, Figma

Frontend Development: HTML, CSS, Javascript, Tailwind CSS, React Js, Material UI, Bootstra

Backend Development: Node Js, Express Js, Mongoddb

Web Development Full Stack : MERN Stack

Soft Skills: Communication, Critical Thinking, Leadership, Collaboration, Teamwork, Time Management, Problem Solving, Creativity

EXPERIENCE

Web Developer Intern

Shunya.ek

December 2022 – February 2023, Goa

- Engineered mobile-friendly webpages using HTML, CSS, and JavaScript, ensuring seamless cross-browser compatibility.
- Constructed a user-friendly web application that allows users to create HTML forms through JSON structures in real-time.

PROJECTS

Portfolio Website | <https://surajphulara.netlify.app>

- Designed and developed a polished portfolio website showcasing Full-Stack Web Developer expertise.
- Highlighted personal projects, technical skills, and achievements.

Serene Stones (jewelry ecommerce website) | <https://serenestones.netlify.app>

- Implemented a user-friendly interface for an ecommerce site, utilizing HTML, CSS, JavaScript, and React.js for seamless cross-browser functionality and user experience.
- Demonstrated practical proficiency in front-end technologies by creating a visually appealing and responsive online platform that elegantly displays a range of exquisite jewelry products.

Collaborative whiteboard App | <https://cavassplash.netlify.app>

- Developed a collaborative whiteboard web app built with the MERN stack that allows a multiple people to share and collaborate their ideas online.
- Implemented real-time data sharing functionality to enable seamless interaction and data synchronization among up to 10 users.
- Demonstrated independent project management skills throughout the development lifecycle.

Google Forms Clone | <https://googleformsclose.netlify.app>

- Created a replica of Google Forms utilizing React js, Node js, express and MongoDB for seamless survey creation and management.
- Acquired hands-on experience in implementing dynamic form structures, data handling, and user interaction, further honing my technical skills in application development.

CERTIFICATIONS

Google UX Design Professional Certificate

Google • 2023

- Attained a robust grasp of UX design principles, research methodologies, and prototyping techniques.
- Enhanced proficiency in creating user-centered designs that optimize user interactions across platforms and devices.

Competitive Coding (C++)

NPTEL • 2022

- Developed a strong understanding of algorithmic problem-solving and implementing optimized algorithms and data structures in C++.
- gained a deep understanding of dynamic programming, graph algorithms, and greedy algorithms for diverse coding challenges.
